

Linden Medical Group Chaperone Policy - Patient Information

Linden Medical Group is committed to providing a safe, comfortable environment where patients and staff can be confident that best practice is being followed at all times and that the safety of everyone is of paramount importance. Male and female doctors are employed by the Practice.

All patients are entitled to have a chaperone present for any consultation, examination or procedure where they feel one is required. The Practice has fully trained staff to act as Chaperones who can attend your examination.

Wherever possible we would ask you to make this request at the time of booking an appointment so that arrangements can be made to ensure your appointment is not delayed in any way. We will try to accommodate any other cultural requests or requirements. Wherever possible these should be communicated at the time of booking the appointment.

If at your appointment a situation should arise where a Chaperone may be required we will endeavour to provide one. However occasionally it may be necessary to reschedule your appointment.

Your healthcare professional may also require a Chaperone to be present for certain consultations in accordance with our Chaperone Policy.

If you would like to see a copy of our Chaperone policy or have any questions or comments regarding this please contact the Practice Manager.
